

The floor plan depicts a building with a central corridor and several rooms. The rooms are labeled with numbers and contain handwritten calculations or measurements. The layout is as follows:

- Top Section:** A small room at the top center contains the number 26. Below it, a larger room is divided into two sections, each containing a number (1 and 2) and a calculation (18.3 and 12.4 respectively). To the right of this room is another section with a number (3) and a calculation (12.0).
- Left Section:** A vertical strip of rooms on the left side. From top to bottom, they contain:
 - Room 1: Number 3, calculation 23/18.2.
 - Room 2: Number 22, calculation 13.3.
 - Room 3: Number 21, calculation 7.4.
 - Room 4: Number 19, calculation 1.80.
 - Room 5: Number 18, calculation 1.74.
 - Room 6: Number 15, calculation 20.4.
 - Room 7: Number 13, calculation 6.3.
 - Room 8: Number 12, calculation 24.2.
- Right Section:** A vertical strip of rooms on the right side. From top to bottom, they contain:
 - Room 1: Number 1, calculation 18.3.
 - Room 2: Number 2, calculation 12.4.
 - Room 3: Number 3, calculation 12.0.
 - Room 4: Number 5, calculation 18.4.
 - Room 5: Number 6, calculation 18.3.
 - Room 6: Number 7, calculation 34.6.
 - Room 7: Number 8, calculation 15.6.
 - Room 8: Number 9, calculation 15.4.
 - Room 9: Number 10, calculation 15.9.
- Central Corridor:** A central corridor runs vertically through the middle of the plan, connecting the rooms. It contains several small rooms or alcoves, some with numbers like 16, 14, 13, and 12.
- Bottom Section:** A small room at the bottom center contains the number 2.10. To its right, a larger room contains the number 10 and a calculation 15.9.

The drawing is a technical sketch, possibly for a school or institutional building. It includes numerous handwritten numbers, likely representing measurements or calculations. The layout shows a central corridor system connecting various rooms of different sizes. Some rooms contain furniture like beds or desks.
